Due to venue capacity, there is a **limit of 16 participants in the event**; registration will be handled on a first-come first-served basis.

Refund / Withdrawal: Participants may withdraw from the competition before the close of check-in for any reason and receive a refund of event fees (minus applicable fees) provided they notify the organizers (see contact info above) and receive confirmation from them before that time.

Format: One round of pools followed by direct elimination to the final.

Ranking: This tournament does not count toward CFF ranking points, but there will be medals.

Required Equipment: A fencing sous-plastron is required.

- Masks must have a secure strap and be able to pass the 12 kg punch test.
- Fencing breeches must be worn. They must cover below the knee and long socks must be worn with breeches.
- Female participants must wear a breast protector.
- Conductive bibs are required.

Armoury: Fencing mask and glove must be checked by the tournament armourer for safety prior to competing. Masks and gloves must be clean when being tested. The line-up for armoury needs to respect physical distance guidelines, and people must wear face masks in line and when interacting with the armourer. Electric equipment will not be checked at this time, but the appropriate penalties will be assessed on piste by the referee if a fencer presents with equipment that does not work.

This event follows FENB's COVID-19 Return to Competition Protocols, which means the following:

Entrance to the event: In order to enter the venue, all persons must undergo COVID-19 screening and a temperature check, as well as provide contact information for contact tracing. You must wear a face mask to enter the venue.

Audience: No spectators are allowed in the venue. Only registered participants, coaches, referees, and other tournament personnel are permitted.

Face Masks: Face masks must be worn in the venue and physical distancing must be maintained at all times except during fencing activities (i.e., during matches, etc.). Coaches are required to wear face masks at all times, as well as a face shield if coaching during the tournament.

Athlete Procedures: After check-in and armoury, fencers will place their equipment at one of the designated spaces in the gym. Fencers do not need face masks while in their designated spaces or when moving from their designated space to the piste.
