

# Fencing-Escrime NB Provincial Training Group

## 2020-2021

In the age of COVID-19, FENB through the guidance of the Athlete Development Committee FENB will maintain a Provincial Training Program for Athletes who are preparing to achieve performance goals within and outside the province.

We are very happy to announce the appointment of Provincial Coach Jim Stevens who will be joined by Weapon Leaders Marc-André LeBlanc and David Collins. This team will lead all training camps and will provide coaching support at out of province competitions where appropriate.

While travel outside the Atlantic Bubble is not currently without restriction, training and development is important to maintain and improve in preparation for the day that competition outside the province is feasible.

With this in mind, FENB is accepting applications from athletes for our 2020-2021 Provincial Training Group.
