Updated Return to Play Protocol

On November 29th FENB circulated the latest update to our Return to Play Protocol. The new document reflects the colour coding of Provincial health zone designations and outlines guidelines for red, yellow and orange phases.

We would ask that all fencing families take the time to review this document together. All New Brunswickers have a role to play in keeping each other safe and healthy, now more than ever.

Board of Directors Update

ALFRED KNAPPE POSTPONED

After careful consideration, the FENB Board of Directors has made the difficult decision to postpone the 2021 Alfred Knappe Tournament usually held in January. The new date will be announced later in the season.

Coach Development Applications Open

Are you interested in getting more involved with your fencing community? FENB is currently accepting applications for the volunteer position of Coach Development Representative.

To learn more about this important role, and to apply, you can click this link.

Club Updates

Beaches Sabre Club East

Beaches is growing!

We have access to the entire second floor and are working hard to convert it all into fencing space. Thanks to all our club volunteers that have lent a hand.

Having proper length pistes will sure make the matches more interesting (and footwork drills harder).
