RETURN TO YELLOW!

On March 8th, 2021, all health regions in New Brunswick were designated YELLOW. Our Return to Play Protocol has been updated to reflect the latest guidelines from Public Health and we would ask that all fencing families take the time to review this document together.

Let's keep this momentum going!

Remember When?

Exactly one year ago this week the FENB Provincial Team and Coaches packed up their gear and travelled to Toronto for the International Youth Tournament and Ontario Provincial Championships.

Upon arrival in Toronto, the tournaments were cancelled, schools were closed, and our whole world changed.

Not competing was a big disappointment for everyone involved, but we spent three days making the most of it, having a lot of fun, and washing our hands....A LOT.

bit

Here's to getting back to competition as soon as it is safe to do so!

Junior & Cadet World Championships

The FIE Junior and Cadet World Championships will be held in Cairo, Egypt between April 3rd and 11th. This tournament will feature some of the best fencing our planet has to offer! Be sure to tune in to the live stream with the following link.

JUNIOR & CADET WORLD FENCING CHAMPIONSHIPS

EGYPT - CAIRO 2021

Ontario Fencing Association HP Development Program

The OFA has developed some online opportunities for High Performance Athletes and is making it available to all CFF Members. These online sessions will focus on mental resiliency and how to return to training and competition after prolonged restrictions.

For more information, and to register you can follow this link.
